

We are a leading asset manager with € 859 billion in assets under management as at June 30, 2021. We are headquartered in Germany but our ~3,500 employees operate globally, providing a range of traditional and alternative investment capabilities to clients worldwide.

We have a fully integrated global investment group, supported by our Chief Investment Office which supplies the overarching framework that guides our investment decisions. Our offerings span all major asset classes including equity, fixed income, cash and multi asset as well as alternative investments. Our alternative investments include real estate, infrastructure, private equity, liquid real assets and sustainable investments. We also offer a range of passive investments. In addition, our solution strategies are targeted to client needs that cannot be addressed by traditional asset classes alone. Such services include insurance and pension solutions, asset-liability management, portfolio management solutions, asset allocation advisory, structuring and overlay.

Our product offerings are distributed across EMEA, the Americas and APAC through our single global distribution network comprising of approximately ~900 investment professionals and ~700 sales professionals across 23 countries. We also leverage third-party distribution channels, including our largest shareholder Deutsche Bank Group. While we aim to grow organically, we also adopt a disciplined approach to inorganic growth opportunities. We are open to engaging in select bolt-on acquisitions or team lift outs that meet selection criteria and do not disrupt our existing platform.

We serve a diverse client base of retail and institutional investors worldwide, with a strong presence in our home market in Germany. These clients include large institutions to governments, corporations and foundations as well as millions of individual investors. As a regulated asset manager, we act as a fiduciary for our clients and we are conscious of our societal impact. Responsible Investing has therefore long been a key part of our heritage, because it serves the best interests of those who entrust us to manage their assets.
